Forecast For Wales
Issued by Met Office Exeter
at 1600 on Wednesday 16 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Thunderstorms possible overnight. Dry with some sunny spells on Thursday.

This Evening and Tonight:
Largely dry this evening apart from a few spots of drizzle in the west. Heavy showers move in from the south overnight. These will mainly affect southern and eastern areas and could be heavy and thundery at times. Minimum temperature 10 deg C (50 deg F).

Thursday:
Heavy showers in the east quickly clear during the morning. Although initially cloudy, skies will gradually clear from the north, allowing sunny spells for most later on. Maximum temperature 22 deg C (72 deg F).

Outlook for Friday to Sunday:
Clear start on Friday, but eastern areas turning cloudy with a chance of heavy showers. Mostly dry on Saturday, with sunny spells. Frequent, heavy and possibly thundery showers on Sunday.
